## Message from Head Teacher

Dear Parents/Carers,

It is hard to believe that this term is coming to an end and Christmas is just round the corner.

The days before Christmas are usually very busy and noisy. Therefore, I hope that when Christmas Day arrives, you will be able to experience moments and places where you and your family will find peace and joy.

At the end of the year we look back and celebrate what has gone well and not so well. I hope that the New Year 2018 will be a good one for you and your family, with most things going very well, bringing you happiness and prosperity.

I hope to see you at the church service on Tuesday 19th at 9:30am and for carol singing in the school hall at 1:30pm.

Enjoy the weekend (apparently it is the busiest weekend of the year).

Ania Vaughan Head Teacher

## How to Wash a Killer Whale!

Does your killer whale need a wash? It's not an easy thing to do.

Don't worry just follow this step-by-step guide.

What you will need: Bucket of water, sponge, floss, toothpaste, a brush for it's teeth, another brush for its body, ladder and scissors.

Step 1: Fill the bucket with warm water.

Step 2: Soak the sponge with the water.

Step 3: When all else fails there is always fish.

Step 4: Get the sponge and start scrubbing.

Step 5: Be careful the killer whale's tummy is huge.

Step 6: Make a splash.

Step 7: Now for the really hard bit.

Step 8: To get a killer whale out of tangled seaweed you're going to need some scissors.

Step 9: Swim with it.

Step 10: Throw in the towel!

This week at school we enjoyed Christmas Dinner, with all the trimmings. It was thoroughly enjoyed by the children and staff alike. I would like to say a special thank you to all our kitchen staff who worked enormously hard to deliver such a huge volume of dinners, that still tasted great! I would also like to thank Mr and Mrs Slater for helping us organise and supply Christmas Crackers for all the children! They absolutely loved it! Thanks to all involved.
