## Message from Head Teacher

Dear Parents/Carers,

Since Monday morning, the school has been reverberating with the sound of music. The children have been singing and dancing every day, working extremely hard to prepare for two performances.

On behalf of the whole school community, I would like to thank the team from ISingPop for their work, particularly Agnes who has taught the children all the songs. Our great appreciation also goes to Mrs Abbott, who initiated the whole project.

We hope you enjoy the performances; if you haven't already ordered any merchandise it will be available in the church after both of today's performances.

Ania Vaughan  
Head Teacher
