## Message from Head Teacher

Dear Parents/Carers,

This week has been Well Being Week in school. We began the week with a visit from Anna Williamson, Counsellor, Life Coach and TV Presenter. She spoke to our children about what worries they might feel and how they can deal with them, who they can talk to. Each class has had focused PSHE lessons and Year 6 had visit from Year 8 & 10 pupils to talk to them about transition worries to secondary school and how it can be worrying but there are people who can help.

This week wasn't just about the children, all staff's wellbeing has been considered. Our thanks were passed over to our wonderful teaching staff, office staff, kitchen staff, team of cleaners, Caretaker and Lollipop ladies. All were presented with an armful of gifts and thank you cards from our children.

It's been a very important week for us to think about our own mental health.

1 in 10 children between the ages for 5 and 16 experience mental health issues and 4% suffer from disorders such as depression and anxiety. We do our very best to spot and support these pupils at Christ Church—a valuable week for all!

Mrs Louise Phelan, PSHE Subject Leader

Imagine  
A slimy slug  
As slippery as ice  
And a tall tree  
That last forever.

Imagine  
A smile  
Never happy  
And a sun  
Hotter than lava.

Imagine  
A fish  
Floating like a lily on a pond  
And a frosty flake  
That whirls around.

Imagine  
A writing pen  
Walking around on legs  
Like a person  
And a word that  
Wobbles in minds.

Imagine  
A flame falling  
Into a fire of thoughts  
And a hand that warms  
Tea like a kettle.

Imagine  
A sadness crying  
Like a person  
And an ear hearing  
Silence and nothing  
Else that makes  
The world sad.
